

Compact-Training: Videoconferencing in English

Yes, we all know the story. More and more videoconferences and meetings are happening in English, and it's getting difficult to avoid. So, if you would like to feel more confident and participate successfully in these situations, then join this workshop.

We will identify appropriate phrases and vocabulary and I will guide you through using them in context. This workshop will give you the chance to learn and practice the right things to say in a stress-free and supportive environment where mistakes are welcome!

Content

- > Discuss your own experience with using English at work or abroad
- > Top tips for videoconferences and meetings in English
- > Identify appropriate phrases and vocabulary
- > Practice using the right phrases in the context of leading and participating in videoconferences
- > Practical and useful feedback

Your benefit

- > The chance to ask questions and find out the correct way of speaking in professional settings
- > Get an extensive resource of phrases and vocabulary that can be used in many practical situations
- > Tips and advice with regards to learning English and how to keep it going

Typical procedure

In keeping with the times, this training is scheduled as an interactive online session of 120 minutes, which everyone can integrate into their daily work routine.

Target group

Anyone who needs to use English in videoconferences and meetings

Lecturer

Colin Henderson is a native English speaker from Australia and has been living in NRW, Germany for the last ten years. In Australia he worked in the Metal industry, was self-employed in the Construction industry and also worked in the Tourism industry. Through these experiences, he realised his true passion of teaching, and completed an Australian University Teaching Degree in 2007. Since then, he has been helping people achieve their goals in work and study through learning English and gaining required qualifications
